Park Security Update

In the Month of April, Park Security coordinated training with Paul Prior for his staff at the new Great River Water Park/Jimmy Lee Recreation Center. Eric Thompson, Park Security Program Manager, provided staff with Verbal Judo training. Verbal Judo teaches one how to deescalate a situation and how to handle difficult people. Park Security Officers Grilz and Solheid trained staff in potential security problems at the new site. They covered fire emergencies, medical emergencies, missing children and proper radio communication.

Currently we are in the process to bring back a bike patrol detail. We are working with the Saint Paul Police Bike Patrol Unit to receive some training. Having bike patrol will allow us to cover the trails in the parks that are not usually monitored. A bike patrol unit will allow Park Security to be more mobile and accessible to park visitors.

We are in the process of hiring 3 full time employees to assist us in the summer. New staff will also provide security at the Great River Water Park/Jimmy Lee Recreation Center.

Events and Activities

-All Restrooms and Parks are open for the season.
